THE TRUTH ABOUT HOW WONDERFUL WE ONCE WERE IS HIDDEN IN OUR DNA

PHYS.ORG After the 2003 completion of the Human Genome Project – which sequenced all 3 billion "letters," or base pairs, in the human genome – many thought that our DNA would become an open book. But a perplexing problem quickly emerged: although scientists could transcribe the book, they could only interpret a small percentage of it.

The mysterious majority – as much as 98 percent – of our DNA do not code for proteins. Much of this "dark matter genome" is thought to be nonfunctional evolutionary leftovers that are just along for the ride. However, hidden among this noncoding DNA are many crucial regulatory elements that control the activity of thousands of genes. What is more, these elements play a major role in diseases such as cancer, heart disease, and autism, and they could hold the key to possible cures.

I grew up thinking that **THEY** knew it all and that I was just a confused clueless person from the right side of the tracks. I had no idea that we were being LIED TO ABOUT EVERYTHING that was important to me or that affected our lives.

DONT LISTEN TO THEM

The two serpents of the Caduceus corrupting the double DNA helix

What I mean by that right off the bat was our government, the church, history, Big Pharma, our Health Care Industry, science and legends have all been manipulating and lying to us.

I was always confused because what I was learning never made since. That still small voice in me kept pulling up red flags in my mind the more I learned and the deeper I went down those rabbit holes.

I did not realize that those who taught us the data we learned were all **COMPROMISED BIG TIME**.. That what we were being told was being controlled at the very top by people with evil hidden agenda's who **LIED CONTINUOUSLY.**

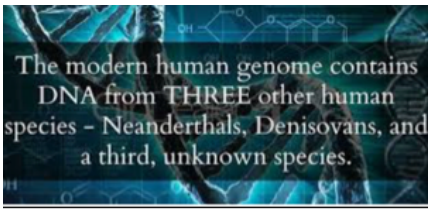
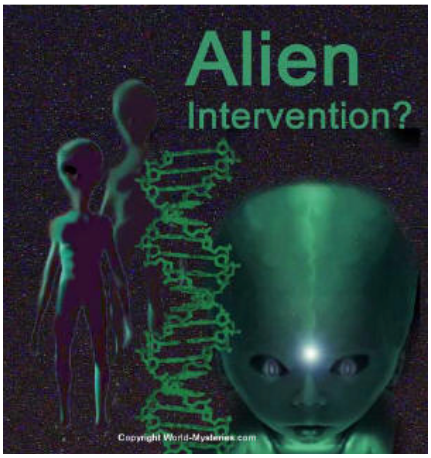
Scientists from Kazakhstan believe that human DNA was encoded with an extraterrestrial signal by an ancient alien civilisation, **Discovery.com** reports. They call it "biological SETI" and the researchers claim that the mathematical code in human DNA cannot be explained by evolution. More



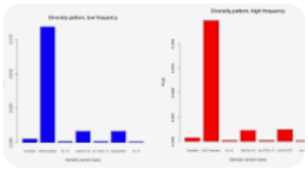
The modern human genome contains DNA from THREE other human species - Neanderthals, Denisovans, and a third, unknown species.



Something has been added and removed from our ORIGINAL DNA

Is there DNA of Adam and Eve?

In other words, the answer to our original question is no: genetic data does not provide evidence that our ancestral population ever consisted of a single couple. A straightforward interpretation of that data is that our ancestors were part of a population in the thousands as far back as we can see. Jul 11, 2021



Out with the Biblical ADAM and EVE theory

Our DNA tells us that many people were first created on earth as is stated in Genesis and Jesus also implied the fact that this was the case. However according to the Jews that is not the case. They claim that THEIR GOD YAHWEH ILDABAOTH THE DEMIURGE GENETICALLY ENGINEERED THE FIRST SUMERIAN ADAM AND EVE without mentioning the other races that were

living on earth at the time. Of course the Jews lied to us WHAT'S NEW.

Mr. Biglino has found that two modern scientific discoveries fully confirm the Masoretic text of the Bible:

A.
The scientific research on the Mitochondrial DNA brings to the conclusion that there was a "first mother" - the mother of all humans - and that she lived on Earth around 250,000 - 150,000 years ago.

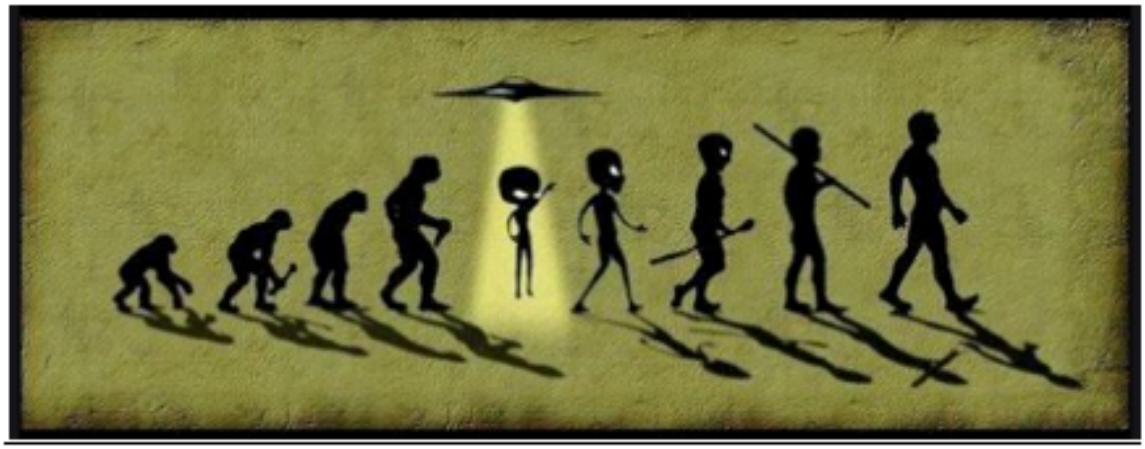
B.
Moreover, the often overlooked transition between the 24 chromosome pairs of apes and monkeys (and the Neanderthal Man) to the 23 chromosome pairs of Homo Sapiens suggests that a highly sophisticated genetic engineering intervention took place at a certain point in time.
There is no way that this transition from 24 to 23 chromosome pairs could happen spontaneously.

C.
The "missing link" between apes and homo sapiens still, after decades of searches, has not been found.

All these factors: the Mitochondrial DNA, the 24 to 23 chromosome pairs transition, the inexistent link between apes and homo sapiens, and the writings on the Sumerian tablets fully confirm the narration of the Bible about the "Origin of Man" - and the Bible does not tell of a "Creationist" version about the Origin of Man - at all.

What Mr. Biglino has found about the Origin of Man puts in crisis both the "Creationist" hypothesis upheld by Christians, both the Darwinist-Evolutionist Theory.
In his books Mr. Biglino suggests that a "third way" - an "Intervention Theory" - should be seriously be taken into consideration to explain the Origin of Man.

WHO WERE THESE ALIEN GENETIC ENGINEERS



Meet the Missing Link involved in the Evolution of Alien Human Hybrid Races

Who were these ALIEN gods that CONTAMINATED THE HUMAN GENOME to create alien human hybrid races?

If we are a group of people with CONTAMINATED HUMAN DNA today then why are we not being told about this and who is in charge of NOT TELLING US?

For those of you who think that the Bible carries any truth or validity then notice inside those pages are stories of alien abductions, artificial inseminations, fetus implantations, hybrid fetus contaminations and the list goes on.

When you combine those stories with Alienology, what you discover is that the Middle East was a GARDEN OF EDEN for the birth of alien human hybrid races . Let's call it the hub for alien genetic experimentation.

Not only have aliens been tweaking the DNA of Our Heavenly Fathers ORIGNAL MAN MITOCHONDRIA MAN but the Church IS

ABSOLUTELY SILENT ABOUT IT. Don't you hate the lies because I do.

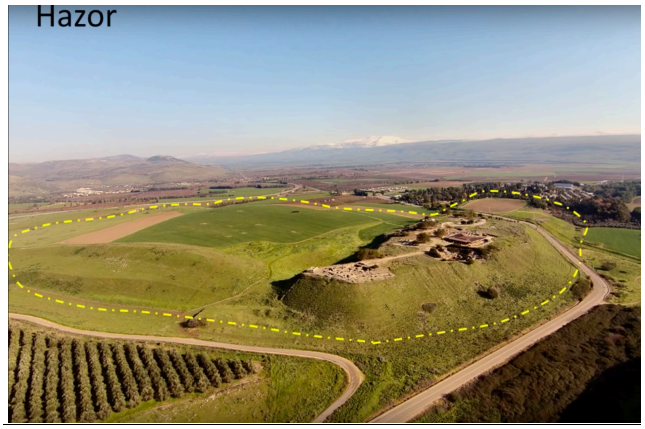
THERE WAS AN INDIGENOUS ORIGINAL WHITE RACE THAT LIVED IN NORTHERN ISRAEL WHO I BELIEVE JESUS REFERRED TO AS HIS PEOPLE.

THEY LIVED THERE LONG BEFORE ABRAHAM'S SMALL FICTIONAL TRIBES MOVED IN ACCORDING TO THE JEWS.

Archeologist and geologists seem to tell us that the Abraham and Moses stories are filled with MISINFORMTION, DISINFORMATION and lies. That if a tribe of Jews moved into Judah that it was a small tribe of desert people who may have merged onto Judah and Northern Israel from the Canaanite tribes that were living in other parts of Israel at the time, instead of traveling in a mass migration from Ur of Sumer to Egypt and then winning the land of Israel in a war. Don't you hate the lies and the liars who promote and carry out lies for evil purposes?

THE BIBLE HAS LIED TO US ABOUT WHO was originally living in Northern Israel for very devious reasons.

THEY WERE THE INDIGENOUS APIRU, NAZARENE, NAPHTALI RACE OF SCANDINAVIAN WHITE PEOPLE that would later become part of the Anglo Saxon migrations into Europe and America. Another BEST KEPT SECRET



Hazor was a major Canaanite city in ancient times, located in northern Israel and described in the Bible as "the head of all those kingdoms". It was the largest city in the southern Levant during the Bronze Age, strategically positioned on major trade routes connecting Mesopotamia and Egypt. The city featured an upper city and a large lower city, with archaeological evidence of powerful Canaanite temples, palaces, and a sophisticated water system. Hazor was eventually destroyed, likely in the 13th century BCE, but was later rebuilt by the Israelites under King Solomon before its final destruction by the Assyrians.

Israelites Migrate to Israel

The Israelites are believed to have migrated into the land of Canaan, which later became known as Israel, during the period of approximately **1300 to 1200 BCE**, marking the beginning of the era of the Judges. [6] This migration is described in the Hebrew Bible as a conquest led by Joshua after the Exodus from Egypt, although modern scholarship views this narrative as part of a national myth with a possible historical core, suggesting the Israelites emerged from indigenous Canaanite populations rather than arriving as a conquering force. [2] Archaeological evidence indicates the emergence of a distinct Israelite culture in the central highlands of Canaan during the early Iron Age (Iron Age I, 1200–1000 BCE), characterized by new village settlements and cultural differentiation from the surrounding Canaanite peoples. In other words: White people lived in Palestine 2,700 years before the first Hebrew, Abraham, existed. (Evangelicals believe Abraham was a historical person. Many historians question his existence.)

The white people migrated from the region currently occupied by Iran meaning that Persia was once white.

It appears that white people have a genetic predisposition to flight rather than flight when their space is encroached upon.

Blue-eyed, fair-skinned settlers inhabited the Levant some 6,500 years ago, according to an international interdisciplinary team of scientists. An article released Monday in the peer-reviewed journal Nature Communications solves the mystery of how Chalcolithic culture got to the Galilee: via population migration.

When they mapped the genomes of bones from 22 of the 600 individual skeletons discovered in a massive necropolis near Peki'in in the north of the country, the scientists found a genetic mix quite unlike that of previous and successive settlers of the region.

Aryan (/ˈɛəriən/), or ***Arya*** (borrowed from Sanskrit *ārya*),[1] is a term originating from the ethno-cultural self-designation the Indo-Iranians.[2][3] It stood in contrast to nearby outsiders, whom they designated as non-Aryan (**an-āryā*).[4] In ancie India, the term was used by the Indo-Aryan peoples of the Vedic period, both as an endonym and in reference to a region called *Aryavarta* (lit. 'Land of the Aryans'),[a] where their culture emerged.[5] Similarly, according to the Avesta, the Iranian peoples used the term to designate themselves as an ethnic group and to refer to a region called *Airyanem Vaejah* (lit. 'Expanse of the Arya'),[b] which was their mythical homeland.[6][7] The word stem also forms the etymological source o place names like *Alania* (**Aryāna*) and *Iran* (**Aryānām*).[8]

OUR "FALLEN ANGEL" JUNK ENCODED DNA

Nordic Aryan Alien "Fallen Watchers."
Wednesday, February 10, 21

I am going to share with you what Jesus (Yashua) told his followers regarding the creation of non-human entities and the creation of the human race. The article I am taking this information from is the "Sophia Pistis" document, which can be found in the Nag Hammadi Scrolls.

What Jesus (Yashua) taught regarding the creation of these entities and the human race in the "Sophia Pistis Story" is complicated however; the story goes something like this. The non-human entities known as the "WATCHERS" aka "Aeons" were what we might refer to today as the creating angles. These creating angel agents were lead by Jesus (Yashua) in creating the original human race.

At some point after the earth and everything on it was created, a group of these “Watcher Aeons” decided to form a mutiny by leaving the ranks of the “WATCHERS” to enter our three-dimensional world with the intent to tamper with the human race. What they did was referred to as a “FALL FROM GRACE.” They became the “Fallen Angels.” Today I refer to the “Fallen Angels” as the Nordic Aryan Alien “Fallen Watchers and their reptilian counter parts.” They have many names associated with them and they all use gray androids.

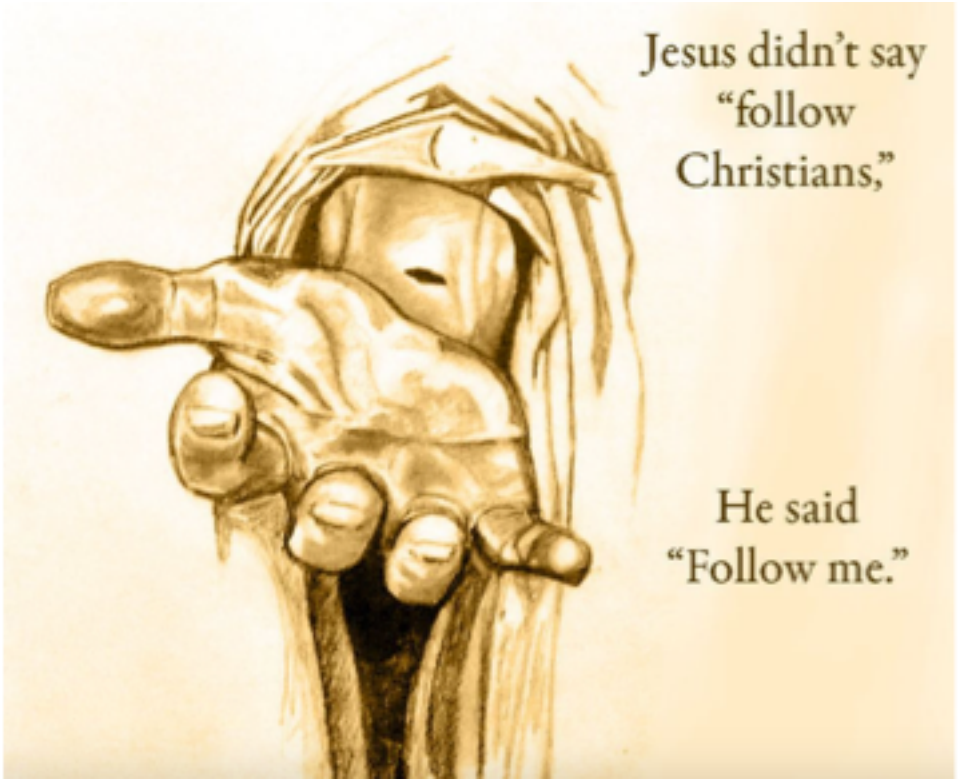
Once they fell they began to abduct MEN AND WOMAN who they raped and impregnated with foreign DNA. The hybrids born from these Nordic Aryan Alien “Fallen Watchers” were not human any more they were human hybrids. Some became the giant Nephilim god kings of old that have been referred to in all ancient legends including Genesis Chapter 6 in the Old Testament as the "Sons of the gods". These evil entities we WRONGLY REFER TO ALIENS TODAY, tampered with human DNA changing the lives our prehistoric ancestors, their health and their DNA codes. In

time through inner breeding all human DNA was contaminated.

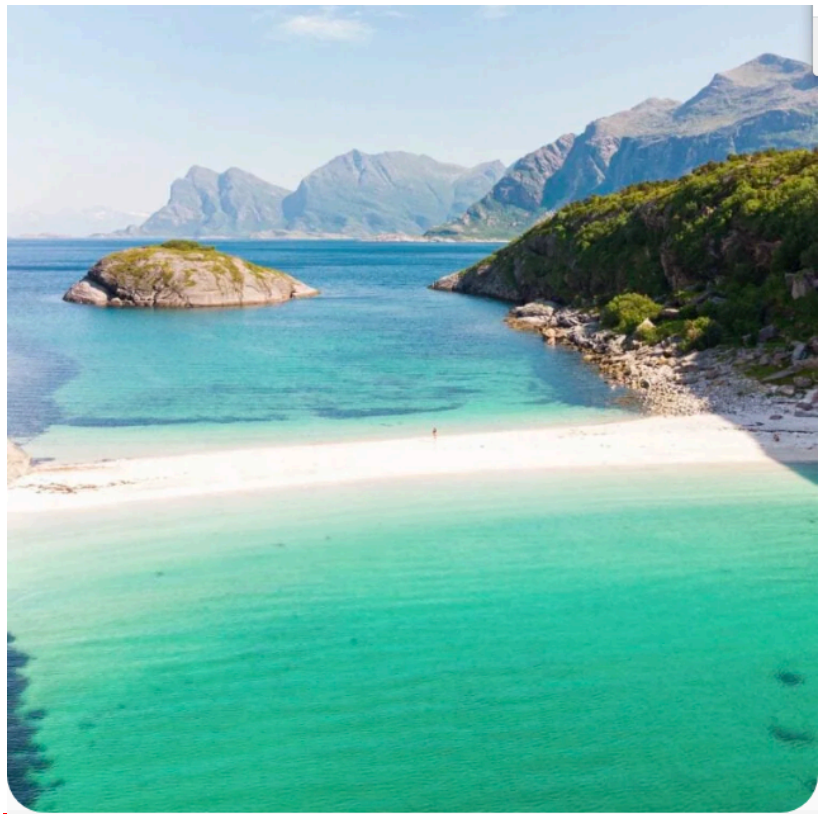
In their Fallen State the bodies of the Nordic Aryan Alien “Fallen Watchers” were no longer able to create life but they did have the technology to change what does exist to create hybrid races they could have control over, manipulate and be worshipped by. The DNA of there Nephilim hybrids was in a contaminated state and they were hard wired to these FALLEN WATCHERS through their pineal gland. What their DNA added to our original DNA strand was anything but perfect. Every person on Earth carries a genetic code for these extraterrestrial cousins today and it is referred to as our **E.T. Junk DNA. The Jews call it the "God Gene."**

BODO - LAND OF THE MOUNTAINS BEYOND THE NORTH WIND

All ancient legends tell us that the original human beings on earth were perfect in every way. These legends tell us that ORIGINAL MAN DID NOT GET SICK AGE OR DIE. They had abilities similar in nature to what Jesus (Yashua) exhibited on earth.



Notice that Jesus mentioned that we will once again be perfect and that we will do more than Jesus did on earth once we regain our original state, which appears in prophecy to be right around the corner.



Maps Norway

Bodo Norway map - Map of bodo Norway ...

Among other talents they possessed was the ability to telepathically communicate. They are said to have enjoyed a full

life and lived in a beautiful area of our world known as the "Garden." This "Garden" was said to have been in the north in a place called Hyperborea that was once located in and beyond the Scandinavian region of Norway in and beyond where Bodo is. Around 11.5000 years ago the Hyperborean region moved to the North Pole do to a Geophysical techtonic Pole Shift and is for the most part under ice and snow in the winter, which is one of the many reasons archeologists are not able to track humanity back to our original ancestors.

The life they lead would be a perfect life according to our standards today until these evil FALLEN WATCHERS entered our three dimensional world and began to abduct, rape and contaminate their human DNA. This became known as the period of the FALL OF MANKIND.

Remember that the a group of the original WATCHERS that fell became the Nordic Aryan Alien "Fallen Watchers" their bodies were in a "Fallen State" and so was their DNA. The DNA they added to our original DNA strand was contaminated and degraded. Every life form on Earth carries a genetic code for his extraterrestrial cousins known as our E.T. Junk DNA.

All human beings today have an alien genetic code sequence, that when counted totals about 97% of our human DNA. E.T. Junk DNA is a **non-coding sequence**, which was added into our DNA by these evil entities we wrongly refer to as aliens today, which is why we refer to it as "Extraterrestrial Junk Genes" (E.T. Junk Genes). **These "extraterrestrial junk genes" are strung in with our human DNA in a sort of dormant stage. They were strung in place as if they were along to "enjoy the ride" with our hard working active genes that have been passed down from generation to generation from our original human Scandinavian Mitochondria Mothers. There is evidence that these E.T.'S disposed of or deactivated most of our "Big Code", leaving us with only 3% of our original working human DNA. By eliminating segments of our "Big Code" they disabled our cells in ate ability perfectly reproduce aka**

duplicate themselves. Instead of making exact copies of our cells our body makes damaged cells causing our bodies to get sick age and die.

Communist China front company harvesting DNA of Americans via covid testing

A bombshell story today, which we cover in a brief article as well as the Situation Update podcast. It turns out that the Bill & Melinda Gates Foundation helped fund a communist Chinese military front company that offered covid testing in the USA as a way to covertly harvest the DNA of Americans.

What's the purpose of this operation? In our view, it's so that can study our DNA to build a race-specific bioweapon to commit mass genocide / extermination of the US population.

See full details in today's story and podcast here.

Some people refer to these evil entities (we wrongly refer to as aliens today), as higher forms of life because they are so technically advanced in certain areas. WE SHOULD ALL KNOW BETTER TODAY. We know that they are simply masters of hidden technology mankind has been slowly rediscovering.

Our E.T. Junk DNA is proof that these evil entities made contact with 'Earth humans' thousands upon thousands of years ago. The New Age and those promoting the “Alien Agendas” claim that these evil entities created human beings. Despite what those promoting the “Alien Agenda” say, our DNA codes indicate that they manipulated human DNA instead, THEY DID NOT CREATE IT after the fall they lost the knowledge of how to create life. To create life then they had to use artificial insemination. This is why 85% of the human race has Rhesus Monkey protein encoded in their DNA. We call this “Monkey Blood.” The Sumerian legends

tell us that they spliced human DNA with Rhesus Monkey DNA to create different hybrids to do the heavy lifting so to speak.

What is noncoding DNA?

Only about 1 percent of DNA is made up of protein-coding genes; the other 99 percent is noncoding. Noncoding DNA does not provide instructions for making proteins. Scientists once thought noncoding DNA was "junk," with no known purpose. However, it is becoming clear that at least some of it is integral to the function of cells, particularly the control of gene activity. For example, noncoding DNA contains sequences that act as regulatory elements, determining when and where genes are turned on and off. Such elements provide sites for specialized proteins (called transcription factors) to attach (bind) and either activate or repress the process by which the information from genes is turned into proteins (transcription). Noncoding DNA contains many types of regulatory elements:

There is more bad news in the E.T Junk DNA codes they gave us.

By encoding their DNA and other DNA into the human genome this process caused human beings to get sick age and die. It regulates cancer cells. These alien cells in our DNA, produce human conditions such as cancer that has it's own veins, arteries, and it's own immune systems that vigorously resists all our anti-cancer drugs. This inbreeding also produce deformities and disabilities in human beings. Scientists are now telling us that these E.T. Junk DNA strands have been in-planted in humanity by what the refer to as MANIPULATIVE EXTRATERRESTRIALS. Scholarly groups at the forefront of investigative suggest that **E.T. Junk DNA may not have been added to human DNA as a "building block for life" but to act rather as a "PARASITIC INHIBITOR" AND "REGULATOR."** These scientists believe that

Manipulative Extraterrestrials may have sought to genetically manipulate and control humanity through DNA.

Now these evil pharmaceutical and drug companies created a Covid-19 vaccine that has nanobits and spike protein in it that crosses the blood brain barrier into our brains that will also future regulate our DNA.

THIS IS NOT GOOD NEWS

Those people who promote the New Age and “Alien Agendas” believe that these evil entities we wrongly call aliens today, created mankind yet, as I mentioned above, that is not what Jesus taught. He taught that after the fall, these entities did not have to ability to create human beings and that they had to resort to rape, artificial and genetic manipulations and DNA in coding to create human hybrids. Even the Old Testament attests to their INABILITY to create life. Here is what scientists believe.

OUR DNA CODE IS A:

“Manipulative Extraterrestrial signature of the demonic inorganic mechanical intelligence that ancient pagan Gnostic referred to as "artificial man" or the "archons".

Buyer Beware!

Scholars suggest Human DNA shows signs of being an Invasive Extraterrestrial Parasite

Many scientists have documented that over 95% of Human DNA does not have a known purpose. This DNA has been colloquially referred to as "Junk DNA".

Up to 97% of the human genetic information (DNA) is seemingly needless, repetitive "junk" - only about 3% is known to generate proteins, deserving the name "gene". The rest used to be called "junk DNA", lately renamed as "non-coding introns", sometimes labelled by the mysterious, though not very explicit description that these self-similar strands "regulate gene expression". LINK

However, other researchers have not been content to simply classify this predominant part of DNA as "one of life's mysteries". Scholarly groups at the forefront of investigative researchers are gathering details which suggest that DNA may not substantively exist as a "building block of life". Rather, it appears that the substantive function of DNA is to act as a "parasitic inhibitor" and "regulator" of life on planet Earth.

Dr. John Lash documents, for example, in metahistory.org:

Recent work by Russian biologist Piotr Garjajev and some Russian linguistic experts suggests the same thing, and, more specifically,

this research may show that junk DNA, rather than being a discard, is “a computer hologram that works with laser-type radiations.” In short, DNA is an extraordinary generator of perceptions, an instrument of virtual reality.

By accepting the link between DNA and emotional and mental activities, we may begin to imagine DNA as a complex program that directs the life process (regulating our metabolism, for instance), but impedes our consciousness from complete manifestation. LINK

Research testimony that includes ancient representations, suggest that DNA was implanted in humanity by Manipulative Extraterrestrials. The fact that over 95% of DNA does not support vital biological living processes suggest that it is conceivable for biological life to exist without any DNA.

More than 95 % of all DNA, had been first called "Junk DNA" by molecular biologists, because they were unable to ascribe any function to it. They assumed that it was just "molecular garbage". But, if it were "junk", the sequence of the "syllables", i.e. the nucleotides in DNA should be completely random. However it has been found that the sequence of the syllables is not random at all and has a striking resemblance with the structure of language (ref. Flam, F. "Hints of a language in junk DNA", Science 266:1320, 1994), that is alien to humanity. Scientists now generally believe that this DNA must contain some kind of coded information.

You might wonder, what understanding of our human origins could account for the parasitic implanting of DNA into biological life on planet Earth? Indeed, this further inspires the question; who are we? What are our origins; why do we exist' and from that context, where are we going? For starters, it is vital that we as

humanity begin to question the "understandings" of reality, that have been presented to us, by elites who have been documented time again, for spinning a "web of deceit". In this context, it is also correspondingly vital to critically consider prospective new insights, irrespective of how much the Establishment responds with denial.

The existence of historical and on-going Extraterrestrial contact with Earthbound humanity, has been at the forefront of this denial. Indeed, the alleged contactees of both Manipulative and Ethical Extraterrestrials offer insights into a context of genetic manipulation within biotic life on Earth.

The article titled "Scholars suggest Extraterrestrial-like DNA fractals floating in the Human Gene Pool" explored fractals as evidence that Manipulative Extraterrestrials may have sought to genetically manipulate and control humanity. LINK. A group of researchers associated with Fractogene.com document these apparent similar artificial "fractal signatures" across different biotic life forms on Earth:

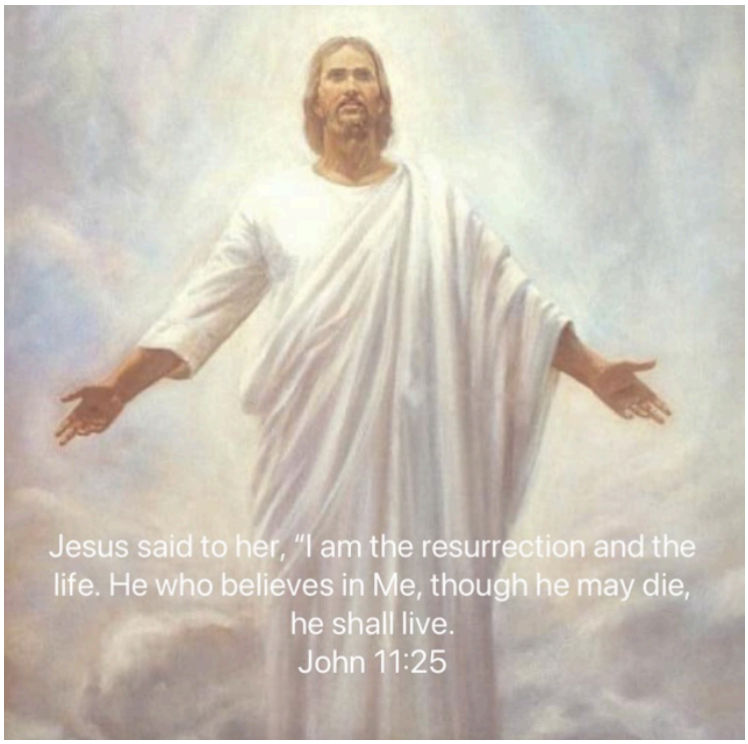
This uncertainity if "junk DNA" is really "junk", that caught some scientists by surprise, is now history. Indeed, scientists were never quite sure that any part of DNA could be discarded outright, and even the question was raised if introns might play a role in evolution, see Mattick, 1994., Klyce, 2002). The bombshell of the 5th of December issue of the highly reputed Nature 420, 509 (2002) revealed that the 99% of the genes of the mouse have direct equivalents with the humane genes. What does this mean?

FractoGene's pending patent, conceives life on Earth as being linked to a fractal elaboration of a gene by its introns (the fractal model of Purkinje cell was published by Pellionisz, 1989). In so

doing, Fractogene seems to have stumbled upon "introns" as Manipulative Extraterrestrial signature of the demonic inorganic mechanical intelligence that ancient pagan Gnostic referred to as "artificial man" or the "archons". Introns, derived from the term "intragenic regions" and also called intervening sequence (IVS), are DNA regions in a gene that are not translated into proteins.

Many studies have documented evidence that introns are either directly or indirectly involved in cancer causation, and other diseases. Mutations in the introns have been specifically linked to cancerous "tumorigenesis progression."

Among the many other intron genetic variations that have been linked to cancer (in this case lung cancer) is a K-ras intron variation involving tandem repeats in the H-ras 3'-untranslated region. Mutations in introns may influence neoplasm development because mutations that occur in introns (or in the DNA sequences that flank the gene) can affect the various steps required for normal expression of the gene even though the intron codes may not be detectable by studies of the protein product of the gene. If the defective expression of a gene product is a tumour suppressor gene or a proto-oncogene, cancer may result.



AI Overview

In Christianity, "the meek inheriting the earth" and "bodies transfigured" refer to different, though related, aspects of divine promise for believers. Meekness describes the righteous character of those who will receive an inheritance, while transfiguration describes the glorious, resurrected form they will take. The two concepts represent the inward disposition and the ultimate physical state of the faithful.

Jesus told us that we once were a fabulous race and that we will be again soon. How he plans to do this is speculation however it does appear that we will be transformed into new human bodies that are no longer able to be genetically modified, age, get sick or become contaminated if you read what Jesus seemed to imply.
